

GRAB'N'GO BUFFETS FOR RINCON 2026

This year, instead of a concessions stand, the Casino Del Sol catering crew, under the direction of their new Executive Chef Jonathan Stutzman, will be offering a buffet at each meal. Tickets will need to be pre-purchased, although there may be a limited number available onsite.

The format for lunches and dinners will be an all-you-care-to-eat buffet, with one pass through the line to fill a to-go box that you can take to a table. Breakfasts will be truly grab'n'go – you will get one breakfast item packaged to go, and one bottled beverage.

Vegan, vegetarian, and/or gluten-free options that closely resemble the regular buffet items will be prepared and packaged separately for you, and must be pre-ordered at time of purchase. For instance, Beyond Meat will substitute for beef, tofu scramble will substitute for eggs, gluten-free pasta is available, vegan cheese can be used, they make a BBQ jackfruit, etc.
